TEMPORARY STATION RELOCATION

Q: Why are you relocating?
A: Co-op radio has to relocate because the building that we have broadcast from for the past 12 years is going through an 18 month-long renovation. We have been told we must vacate during that time. We will be returning to our Columbia Street location once the renovations are complete.

Q: Where are you relocating to?
A: We’re proud of our roots on the east side of Vancouver and are happy to temporarily relocate a short way east to 2014 Wall Street, at the corner of Wall Street and Powell in Vancouver. Our new building is managed by the Aboriginal Mother Centre Society.

Q: Will you be changing frequencies on the FM dial?
A: No. We will still be found at 100.5 FM or online at coopradio.org.

Q: When are you relocating?
A: We are planning to broadcast live from our temporary location at 2014 Wall Street as of May 15th, 2014.

Q: Where can I send mail like my membership contribution?
A: Please continue to send all mail to 110-360 Columbia Street, Vancouver, BC, V6A 4J1.

WONDERING HOW TO GET INVOLVED AT CO-OP RADIO?

Come to a Station Orientation!

They are held on the 3rd Tuesday of each month at 6:30 pm at the station. On April 15th, it will be held at 110 - 360 Columbia Street. We won’t have an orientation in May due to our relocation. In June and onward, it will be at our new temporary address: 2014 Wall Street. We are always looking for volunteers in areas ranging from administrative support, technical work and on-air operators, to show producers and hosts. No experience needed.
