

Co-op Radio supports community groups working for progressive social change. Community Partners may include non-profits, unions, co-operatives, NGOs, performance & arts organizations, and music & arts festivals.

Our Community Partnership program is offered to membership organizations, and typically involves an exchange of goods and services. Each partnership is unique, and tailored to meet the needs of the potential partner's budget.

Co-op Radio may provide one or more of the following services:

- A 30 second public service announcement (PSA)
- A press release distributed to programs for potential guest spots
- Event link and logo on the Co-op Radio website
- Sharing of the event on Co-op Radio's social media accounts
- Live on location remote broadcasts
- Introduction to Podcasting Workshops presented to your members

In exchange for the services Co-op Radio provides, the Community Partner will provide:

- Opportunities to table at your events
- Distribution of Co-op Radio listener guides at event
- Tickets, experiences and merchandise to use as give-aways for Co-op Radio members
- Vancouver Co-op Radio link and logo on your website as a sponsor
- Vancouver Co-op Radio logo within your promotional materials.
